# LIQUID LUXURY

## *The Barrel Concierge Program*

At Stanton & Killeen we offer an expert barrel service, within our Barrel Club, to ensure your barrel and wine are kept in ultimate condition.

**Barrel Seasoning** – Involves hot washing and filling to encourage swelling, setting and prevent leaking. The barrel is filled with young fortified wine for several months to withdraw the young oak flavour.

**Barrel Testing** – Maintaining optimal fill and sulphur levels ensures wine quality and preservation; these levels may drop as your barrel breathes and ages. Our winemaker can advise on barrel maintenance through sample testing.

**Fortified Blending** – Ongoing expert advice on the blend and composition of your barrel to ensure consistency and quality.

**Access to Fortified Wine** – You may choose to have your barrel filled with any wines from the Stanton & Killeen fortified wine range.

## *Exclusive Offer*

*Our Liquid Luxury packages will give you:*

- Your choice of a handcrafted, pre-seasoned fortified barrel made in Australia (sizes range from 5-20 litres)
- Your choice of Stanton & Killeen's Tawny, Barrel Blend, White Fortified, Topaque or Muscat in standard or premium fill
- Unlimited access to the Barrel Concierge Program which includes pre-seasoning, winemaking analysis and ongoing assistance
- Membership to the "Barrel Club" ensuring you're the first to hear about any special bulk fortified releases or Barrel Club events
- Membership to "Friends of S&K" giving you exclusive access to offers, events and our newsletter, the Quinta Quarterly
- 10% off your first fortified refill, valid for 12 months from purchase
